

# PeopleAdmin Marketplace of Connectors

CREATE A BEST-IN-CLASS HR TECH STACK  
BUILT FOR HIGHER EDUCATION

PeopleAdmin's Marketplace of Connectors integrate with the best talent recruitment and management systems serving the HigherEd community. PeopleAdmin **connects seamlessly** with these partners so information flows between systems, **reducing manual re-entry**, shoring up inconsistencies, and providing a **holistic view of analytics** across the complete talent ecosystem.

## Save Time, Hire Faster

When **information flows seamlessly** across all of your talent systems, you don't have to reenter the same information again and again. **Less data entry** means more time to focus on what really matters. And when **processes are streamlined**, your hiring and onboarding can move faster.

## Single Source of Intelligence

Bring key metrics from across multiple talent systems into **centralized reporting** for **holistic visibility** into performance and compliance. Robust analytics dashboards provide **real-time insights** to help inform better staffing and budgeting decisions and defensible, evidence-based decisions.

## HigherEd-Specific Marketplace

Our Connector marketplace brings together the best partners that offer **solutions designed specifically for HigherEd** needs and workflows. From HRIS, job boards, interview tools, background checks, and I-9 verification, we integrate with **all key functions from hire to retire**.

## Reduced Cost & IT Burden

Building and maintaining custom integrations is time-consuming and expensive for individual IT teams. PeopleAdmin's scale and existing partnerships make it **faster, more cost-effective, and less reliant on IT resources**. Plus, automation improves data security.

“ [By] integrating with our HRIS, what it says in PeopleAdmin, it also says in Banner. We used to do audits of the data and found discrepancies. Now, we know that what it says in one, it will definitely say in the other, which is important for reporting. ”

## Integration Partners

PeopleAdmin’s Marketplace of Connectors, built on our proprietary PACx technology, integrates with **the best talent acquisition and management systems serving the HigherEd space**, allowing you to cut through the clutter of corporate offerings.

**Information flows seamlessly** at each step of the hire-to-retain journey - from importing position details from your HRIS, to posting on opening, to interviewing and vetting the right candidates, onboarding and developing them - so you can **save time, money, reduce errors, maintain compliance and hire faster**.

And with centralized reporting, you’ll see key metrics from all connected talent systems in one spot.

Break the siloes between your talent systems  
to create a unified ecosystem.
